

WELCOME TO OUR FIRST EDITION OF 2026

A YENGolf Newsletter

MARCH - 2026

They say January sets the tone... but March?

March is where the momentum of the new year becomes visible.

Welcome to the first YENGolf newsletter of 2026.

The year is already in motion. Swings have been taken. Tournaments are being planned. New golfers have joined. Juniors are back on the range- we are building higher.

We have stepped into this year with clarity, bigger goals, stronger partnerships, and a clear mission: to make golf even more accessible, impactful, and enjoyable across the country and beyond.

Let's play.

A WORD FROM OUR CEO

Kamau Nyabwengi

CEO, YENGOLF

As we settle into 2026, one thing is clear; the game is growing.

It has been incredibly encouraging to see more people take up golf over the past year. What was once considered intimidating or inaccessible is steadily becoming welcoming, community-driven, and within reach. That shift is not accidental. It is intentional, and it is something we are deeply proud of.

At YENGOLF, our mission remains the same: to continue making the sport accessible, relevant, and impactful. This year, we are focused on expanding that access even further. We want to see more beginners step onto the range for the first time. More alumni obtain their handicaps. More professionals discover the networking power of the game. And more families introduce their children to golf at an early age. Equally important to us is the experience of the game. In 2026, we are committed to curating memorable tournaments that give golfers a true taste of competitive play. Tournaments are milestones in a golfer's journey, and we look forward to creating even more of them this year.

Our junior program also remains a key priority. Developing young golfers is not just about technique. It is about character, discipline, confidence, and opportunity. We are intentional about building a strong foundation for the next generation of players, and this year, we are investing even more energy into that pipeline.

2026 is not about maintaining momentum.

It is about building on it.

Bigger things are happening. Stronger partnerships. Broader reach. Deeper impact.

To our alumni, partners, parents, sponsors, and supporters, thank you for believing in what we are building. The journey continues, and the vision is clear.

See you on the course.

ALUMNI SPOTLIGHT

2026 didn't ease in, it arrived with a trophy.

On 28th February, David Mwangi (Cohort 81) claimed the Monthly Mug / Ladies Medal title at Njoro Country Club.

Playing off a handicap of 22 and just 1.5 years into the game, David is already showing what steady progress looks like when you stay consistent.

A proud member of Njoro Country Club, David has quietly built an extraordinary golfing journey. In under two years, he has played almost every golf course in Kenya, with only Leisure Lodge Golf Club and Nyali Golf & Country Club remaining on his list.

By April 2026, he intends to complete that milestone, an achievement that reflects remarkable dedication to experiencing the full breadth of the sport locally.

Among his favourite courses are Windsor Golf Hotel & Country Club and Great Rift Valley Lodge & Golf Resort . The layouts of these courses are known for their scenic beauty and championship character.

Internationally, he has played at Kampala Golf Club, with CapeTown firmly set as his next global golfing destination.

For maximum distance and what he describes as maximum golf pleasure, David's preference is clear: the Pro VI.

ALUMNI SPOTLIGHT

Off the course, what defines him even more is his love for bringing golfers together for a round. For David, golf is fun, therapeutic, relaxing, and above all, a powerful way to meet new people and build meaningful connections.

We are proud to see alumni stepping confidently into competitive spaces and raising the bar with each round played.

Congratulations, David. The season has only just begun.
